This Volume, forming the first, it may be hoped, of a series containing the whole of all extant Derbyshire Registers down to the year 1812, includes the Marriage Registers of thirteen parishes. The need there is to preserve the contents of our ancient Registers from the risks of fire, theft, forgery, and natural decay is well illustrated by this volume. The Registers should commence in 1538, the date when they were established at the instance of Thomas Cromwell, yet it will be seen three only commence earlier than the seventeenth century. **1379089**

The Editors propose to continue this series of Derbyshire Registers in volumes similar to this. They will be very glad to receive offers of assistance, since it is only by volunteer help that it is possible to print our ancient parish registers.

Genealogists, not only in Derbyshire but throughout the English world, will appreciate this systematic attempt to render available the information contained in parish registers, which to most students are at present almost sealed books. These printed copies will preserve the information they contain, even though the originals be lost by carelessness, theft or fire. Moreover, registers in the past have been sometimes tampered with for wrongful purposes, as was done in the Shipway pedigree case, in which forged entries, both early and late, were inserted in several Gloucestershire parish registers.

In several instances where registers have been printed, as a consequence, volumes which had been supposed to be lost have been discovered and subsequently printed, thus shewing how desirable it is to make public by means of the printing press these ancient records.

The first seven marriage registers were abstracted by Mr. Burton. The remaining registers were undertaken by the

Rev. W. Lilley, the Rev. F. Brodhurst, the Rev. A. M. Auden and the Hon. Frederick Strutt. To these and to Mr. Hugh Browne the Editors desire to express their thanks for their help given in this work. The names of the clergy by whose kind permission these records are printed are mentioned under their respective parishes.

Every care has been exercised in the transcription of the copy, and in many cases the proofs have been collated with the original registers. Still errors may have crept in, from the difficulty of distinguishing certain letters, such as c and t, u, m, n, and i, K and R, O and C, etc. It must also be borne in mind that the existing early registers are themselves but transcripts from the original paper registers made under the order of 1597.

The entries, have been reduced to a common form, and the following abbreviations adopted:—

w.=widower <i>or</i> widow.	p.=of the parish of.
s.=spinster, single woman <i>or</i> son of.	dioc.=in the diocese of.
b.=bachelor <i>or</i> single man.	co.=in the county of.
d.=daughter of.	lic.=marriage licence.

It must be remembered that these printed abstracts of marriage registers are not "evidence" in the technical sense. Certified copies must still be obtained when evidence of a marriage is needed for proving a pedigree in a court of law, or when registering it at Heralds' College. For such certificates application must be made to the clergy in charge of the original registers.

Ultimately, no doubt, the baptisms and burials will find their way into print, but it seems expedient to issue the weddings first, as it is done in the present series.

No index is issued with the volume, as the Editors believe that it is better to print as many registers as possible, and for the present to defer index-making until the registers still in manuscript are placed beyond the risk of loss.

## Derbyshire Parish Registers.

# Marriages at Dale Abbey,

1667 to 1813.

NOTE.—The oldest volume of the Registers of Dale Abbey is now in a very dilapidated state from damp and ill-usage. It is of *paper* and has no cover, and the pages are much frayed at the edges. The entries seem to begin in several different places, probably owing to the book having been re-sewn at a later date. There are 24 leaves, and the first two have been eaten through the centre by mice. The measurements are 15 inches by 6 inches. The Marriage entries are chiefly made separate from the others—the greater part at the beginning of the book, a few pages at the end, and some are amongst the Baptisms and Burials.

Vol. II. is of parchment and in a state of good preservation. The cover, which is also parchment, is somewhat dilapidated. The measurements are 12 ins. by  $7\frac{3}{4}$  ins., and there are 16 leaves. The Baptisms, Marriages, and Burials were entered promiscuously.

Vol. III. is a thick *paper* volume bound in parchment. Measurements 16 ins. by  $6\frac{1}{2}$  ins. At one end thirty leaves have been used for registering Baptisms and Burials, and at the other end thirty for Marriages, one for the entries of the births of members of one family. One baptismal entry (if not more) has been cut out of the book.

These entries have been extracted by the Rev. R. J. Burton, late Curate of Stanton-by-Dale. They are printed by permission of the Rev. W. Fox, Rector of Stanton-by-Dale, and Chaplain of Dale Abbey.

NOTE.—Vol. I. is a parchment book bound in leather, measuring 15½ ins. by 7¾ ins. by 1 ins. It is the copy of an earlier register, now missing. # Marriages at Sandiacre,

1581 to 1812.

NOTE.—Vol. I. is a vellum document measuring 12 in. by 5 in. The binding is of vellum and has a flap in the style of a pocket book. The Baptisms, Marriages and Burials are tabulated separately. Baptisms, 1571—1711. Burials, 1570—1711. The first page (Baptisms) is much defaced.

Vol. II. is a parchment book bound in leather, measuring 12½ in. by 6¾ in. The two hasps have been broken off. The fly leaves at the beginning and end are paper. The book was originally begun in three places for Births, Weddings and Burials; but the later process of filling in vacant leaves has somewhat disorganised this. The last fly leaf gives a list of those who had to keep the churchyard wall in repair and how much was allotted to them. The wall “was set down in 1711.”

Vol. III. is a parchment bound paper book, measuring 9½ in. by 7½ in.

These extracts were made by the Rev. R. J. Burton, and are now printed by permission of the Rev. D. Smith, Rector of Sandiacre.

NOTE.—Volume I. is a parchment-bound paper volume measuring 13 in. by 8½ in. by 1 in. There is a note relating to the union of the parishes of Breaston and Risley, in 1719; there is also a list of Briefs at the end of the book. 1682 to 1812.

NOTE—Vol. I is a parchment book measuring 17 ins. by 7 ins., bound in the original boards. It contains all entries of Baptisms, Marriages, and Burials from 1682-1715 intermixed. Some entries are in Latin. The Register is in fair condition and easy to be read. It contains 28 leaves.

Vol. II is also a parchment book, 14 ins. by 8 ins., containing Baptisms from 1716-1812, Marriages from 1716 and 1753, except that between 1734 and 1751 sixteen years are entirely wanting, although no leaf appears to have been removed. A note after the year 1734 is inserted in the Register, and is copied in this transcript. It contains also the Burials from 1716 to 1812. It consists of 53 leaves that have been used, and 11 unused. It is bound in the original rough leather.

Vol. III of Marriages is the volume ordered under Lord Hardwicke's Marriage Act, 1754-1812.

These Marriages have been transcribed by the Rev. F. Brodhurst, Vicar of Heath and Hault Hucknall.

# Marriages at Church Broughton,

1538 to 1812.

NOTE—The Registers of this parish begin at the earliest period, viz.: 1538, but the present volume seems to consist of two volumes bound together but in the wrong order, for the entries of 1538-1618 constitute the second portion of the book, while those of 1618 to 1679, and placed first. The volume is written on parchment, in size 13½ ins. by 6 ins.

Volume II is also of parchment, size 13½ ins. by 6 ins. and covers the period 1679-1726.

Volume III is of parchment, size 15½ ins. by 6 ins., and contains all entries for 1728 to 1754.

Volume IV is the usual printed volume of forms on paper and contains marriages only for the period 1715 to 1797.

Volume V is a similar volume for the period 1798 to 1812.

These extracts have been made by the Rev. A. M. Auden, Vicar of Church Broughton, and are now printed by his leave, and under his supervision.

# Marriages at Hault Hucknall,

1660 to 1812.

NOTE.—Vol. I. consists of leaves of parchment with paper cover. It is intended to have it bound. It contains mixed entries from 1660-1686. It is in Latin. It has twelve leaves, 12 inches by  $7\frac{1}{2}$ .

Vol. II. consists of fifteen leaves of parchment and a portion of another leaf, loose at present. It is intended to have this bound also, and the loose leaf mounted and made secure. It is in Latin, and dates from 1687-1738. The leaves are 17 inches by  $8\frac{3}{4}$ .

Vol. III. consists of leaves of parchment bound in leather boards. It is a mixed volume. The Marriages date from 1739-1754. Forty-two of the leaves are utilized; sixteen leaves are blank. It is in English. The leaves are 15 inches by  $7\frac{1}{2}$ .

Vol. IV.—This is of paper. It is a book of Banns, followed by the Marriage entry when that took place at Hault Hucknall. It is from 1754-1812. The number of licensed Marriages in the two parishes of Heath and Hault Hucknall is remarkable. They came from outside parishes, especially from the adjoining parishes of Scarcliffe and N. Wingfield. One would suppose there can have been very few marriages indeed at Scarcliffe Parish Church.

These Marriages have been transcribed by the Rev. F. Brodhurst, Vicar of Heath and Hault Hucknall, and are now printed by his permission.

# Marriages at Mackworth,

1603 to 1812.

NOTE.—The parish of Mackworth, with its manor of Markeaton, covers a considerable area of ground, and is immediately to the north-west of Derby, from which town the village of Mackworth is distant between two or three miles.

Allestree, the parish due east, was originally a chapelry of Mackworth.

All the places mentioned in the Mackworth Marriage Register are easily to be found, and are all Derbyshire parishes with the exception of the very few otherwise or specially described.

It may perhaps be as well to state that one reason why there are perhaps fewer marriages of people outside the parish celebrated at Mackworth than at other places like Allestree, is that the village and church of Mackworth were rather in a retired situation.

Vol. I. measures 15 ins. by 7 ins. It is of parchment with parchment covers. It comprises the years 1610 to 1689.

Vol. II. measures 12 ins. by 7½ ins. It is of paper, bound in a parchment stiff cover. It comprises the years 1689 to 1732.

Vol. III. measures 16 ins. by 7 ins. It is of paper, bound in calf or brown leather. It comprises the years 1732 to 1806. It contains no Marriages after 1754.

Vol. IV. (or Vol. I. of separate Marriage Registers) measures 15½ ins. by 10 ins. It is of parchment, bound in calf.

It seems impossible to explain why the marriages mentioned there appear on pages 125-127. May it be that these marriages had been performed by the Vicar of Mackworth in another place, either at Allestree or Quorn Chapel, and that he afterwards put them down in the Mackworth Register?

These extracts have been made by the Hon. F. Strutt, and are now printed by leave of the Rev. A. S. H. Scott, vicar of Mackworth.

*[It will be seen that this Register commences with the year 1603. The first volume is in good condition and does not bear any signs of mutilation.]*

*The marriages appear with the births and deaths in chronological order. At the end, however, of this volume, following the year 1689, on the last two pages, there appear a number of marriages, all together varying in dates from the year 1615 to 1646.*

*These marriages, over 50 in number, are all squeezed into one and a half pages of the Register and on an additional little piece of parchment added.*

*They are most of them entered by the same person, and as far as can be made out they are none of them duplicates of any of those already entered in the Register.*

*It is impossible to explain why or how these marriages should have been entered separately from the others for such a long period of over thirty years.*

*We have thought it right to add this paragraph to these particular marriages which we have put down as far as possible in the exact order in which they appear at the end of Vol. 1.]*

# Marriages at Allestree,

1595 to 1812.

NOTE.—The parish of Allestree is situated two miles north of Derby, and was in old days a parochial chapelry of the parish of Mackworth.

It is in close proximity to the town of Derby on one side, and is bounded by Mackworth, Kedleston, Quorn and Duffield on two others, while Darley Abbey, in old days a part of St. Alkmund's parish, Derby, is on the fourth.

Of these places, now all separate parishes, Quorn was originally a chapelry of All Saints, Derby.

It will be noticed that in the seventeenth century many of the Marriages of Quorn people took place in Allestree Church, and it will also be observed that one or two Marriages which took place in Quorn Chapel appear in the register of Allestree Church.

It seems probable that Quorn Chapel was very rarely used for Marriages, and also, judging from the fact that so many Marriages of Quorn people took place at Allestree Church, that the curate or incumbent of that church may have also had the charge of the Chapelry of Quorn for some time entrusted to him.

In the Allestree Register also we have notices of Marriages of couples, one or both of whom may have been connected with the parish of Allestree, but whose Marriage took place not at Allestree Church, but at St. Werburgh's, Derby, or at some other church.

This registering of a Marriage that took place in another church in another parish we have not noticed in the Marriage Registers of Duffield and Brailsford, which we have gone through.

We have not been able to find any particular reason or cause for the great diminution in the number of Marriages in the last 90 years.

The Registers are in good order, and the Baptisms and Burials, when given in the same volume as the Marriages, are about as frequent as they were in the previous years. It may perhaps be presumed that, in this last period of 90 years, the incumbent of Allestree had nothing to do with the charge of the hamlet or parish of Quorn, and also that, save on certain or special occasions, it was found more convenient to have Allestree Marriages solemnised at the parent Parish Church of Mackworth.

The Marriage entries are :—

Vol. I. of these Registers commences with the year 1595 and ends with 1693. It is of parchment without any cover, and has 37 leaves. It measures 9 ins. by 8 ins.

Vol. II. commences with the year 1693 and ends with the year 1731. It is of parchment, and is similar in size and condition to Vol. I.; it has 29 leaves.

Vol. III. commences with the year 1732 and ends with the year 1812. In the interval between 1733 and 1754 there are only fourteen Marriages entered. This book is bound in leather, and measures 15 ins. by 10 ins.

Vol. IV. contains Banns and Marriages from 1754 to 1812 in the usual printed form; only 24 pages of this book are used.

These Marriage entries have been extracted by the Hon. F. Strutt, and are now printed by leave of the Rev. Austin West, Vicar of Allestree.
